

ChromeOS Eduroam Installation Setup

1-) Run "Chrome" application on the bottom left corner of the screen.

2-) In **Chrome** application, click "**Settings**" tab on the left menu. From the **Wi-Fi network** menu, click on **eduroam**.

3-) In **Join Wi-Fi network** window, enter your information;

EAP method: **EAP-TTLS**

Phase 2 authentication: **PAP**

Server CA certificate: **Do not check**

User name: BOUN Your e-mail account.

Password: Your password belongs to your e-mail account.

Click on the **Connect** button.

The screenshot shows the 'Join Wi-Fi network' dialog box with the following fields and values:

- SSID: eduroam
- EAP method: EAP-TTLS (5)
- Phase 2 authentication: PAP (6)
- Server CA certificate: Do not check (7)
- Subject Match: (empty)
- User certificate: (empty)
- Identity: user.name@boun.edu.tr (8)
- Password: ***** (9)
- Anonymous identity: (empty)

At the bottom, there are two checkboxes:

- Save identity and password
- Share this network with other users

At the bottom right, there are two buttons: **Connect** (10) and **Cancel**.
